

## **Milli Teknoloji Zirvesi in Istanbul; Future Technologies Meet in a Historic Setting!**

The Milli Teknoloji Zirvesi brings together pioneers of the National Technology Initiative with technology-enthusiastic young people. This year, the summit will be held on 12–13 May at the Yıldız Technical University Historical Hamam Cultural Center. Organized under the main sponsorship of BAYKAR and led by the Turkish Teknoloji Takımı Foundation (T3 Vakfı), the summit aims to contribute to the development of national technologies by bringing together young people with innovative ideas and industry professionals, while also encouraging them on their journey toward technology leadership. The event, which is open not only to YТУ students but also to technology enthusiasts from all across Türkiye, will be free of charge for all participants over two days.

### **The final stop of the Milli Teknoloji Zirveleri series in Istanbul is YТУ!**

As part of this year’s Milli Teknoloji Zirve series held across Istanbul, summits were organized at 7 different universities, directly reaching a total of 3,050 participants. These events brought young people together around the vision of national technology. Covering strategic topics such as defense industry, artificial intelligence, space and aviation, and financial technologies, the summits helped increase young people’s interest in the technology ecosystem at both academic and practical levels. Exhibits such as Kirpi-2 and Kobra-2 armored vehicles and advanced technological systems provided participants with the opportunity to experience national engineering power up close. The final stop of the Istanbul series will be Yıldız Technical University on 12–13 May.

### **Technology Leaders and Young Talents Meet at YТУ!**

During the two-day summit at Yıldız Technical University Historical Hamam Cultural Center on 12–13 May, a wide range of thematic panels will be held. Within the scope of the event, experts and inspiring speakers will take the stage, while major companies in the defense industry and national technology ecosystem will both showcase their products and engage directly with young participants. Company executives and industry leaders will share their experiences and answer questions in the historic atmosphere of Yıldız Technical University. In addition, companies will present career opportunities to young talents, contributing to the development of qualified human resources.

### **The Pulse of Technology Will Be Felt at the Historical Hamam Cultural Center!**

In the exhibition area of the summit, technology and project stands will showcase local and innovative works. Participants will have the opportunity to closely examine developed projects, experience the latest developments in the tech world, and directly interact with industry representatives. In the outdoor area, advanced technological systems and locally produced armored vehicles from leading defense and aviation companies will be exhibited. In addition, successful project teams that have achieved awards in national and international competitions, especially TEKNOFEST, will present their original technologies to visitors. Taking

place in the historic atmosphere of Yıldız Technical University, the summit will offer an inspiring experience for all technology enthusiasts.

Participation in the Milli Teknoloji Zirvesi is free of charge, but online registration is required for entry. Entry and exit to the event area will be available between 09.00 and 18.00 on 12–13 May. You can register at: [mth.tc/MTZ-YTU](http://mth.tc/MTZ-YTU)
