

## **Countdown to the Technologies of the Future: TEKNOFEST İstanbul Visitor Registration is Open!**

The world's largest aerospace, and technology festival, TEKNOFEST, is preparing to welcome technology enthusiasts to Istanbul for the 13th time! Visitor registration is now open for TEKNOFEST İstanbul, which will take place on September 17–21. Everyone who wants to witness the technologies of the future, see national projects up close, and take part in a variety of thrilling events can join this unique atmosphere. Participation in the festival is free of charge—register online now!

Bringing together young people who are guided by science and technology and who design the future, TEKNOFEST continues to inspire the world in 2025. The festival's first stop was in the brother nation of TRNC, followed by TEKNOFEST Blue Homeland, where it welcomed hundreds of thousands while blending Türkiye's deep-rooted maritime heritage with national technologies. The grand finale of this journey will be TEKNOFEST İstanbul, taking place on September 17–21 at Atatürk Airport. From boundary-pushing technology competitions and breathtaking air shows to innovative projects and inspiring encounters, TEKNOFEST İstanbul will host new records and unforgettable moments.

### **The Hub of Technology and Excitement: TEKNOFEST İstanbul!**

Standing out every year with its renewed competition categories, TEKNOFEST İstanbul will host competitions in 58 main and 137 subcategories. Teams that pass the preliminary stage will receive financial support exceeding 85 million TL, while those who rank at the top will be awarded prizes worth more than 65 million TL in total.

From September 17–21, TEKNOFEST İstanbul will take place at Atatürk Airport, offering visitors not only technology competitions but also a wide array of impressive events. The festival will feature breathtaking air shows, concerts, various exhibitions and workshops, immersive simulation areas, a planetarium, trade fair activities, and special flight events for students—bringing together countless experiences filled with technology and excitement.

### **The countdown to TEKNOFEST İstanbul has begun — visitor registration is now open!**

Participation in TEKNOFEST İstanbul is completely free of charge; however, visitors must complete online registration to enter the event area. A separate ticket must be generated for each participant, while children under the age of 7 are not required to register. Visitor entry and exit to the event area will be possible between 09:00 and 18:00.

In addition, using public transportation to reach the festival area will provide visitors with quick and easy access while also helping to reduce traffic congestion at the venue. For more information about TEKNOFEST İstanbul and visitor registration, visit [www.teknofest.org](http://www.teknofest.org).
